

PLATZ FÜR ALLE

RKK BASEL

GEBET IM VISIONSPROZESS

We seek you, God
And call you the mystery
of the world.

We owe our lives to your
creative power.

We humans are a reflection
of your love.

Each and every one of us
is unique and important,
as if in a colorful mosaic.

And all diversity
finds room in you.

We reach out to you, God,
in complete trust,
for you have offered us
your essence in Jesus Christ
and showed us your
true countenance:
facing us humans,
especially the poor
and the forgotten.
You are particularly
close to them.

We ask this of you, God.
Strengthen us in this process,
as we design and shape
our future gardens here in Basel.

Give us the courage
and confidence
to break new ground,
to be scouts and guides,
to discover the bold,
multicolored birds in old,
deep-rooted trees.

Inspire and accompany us,
give us the joy and laughter
and fellowship on this journey
into a future
where people enjoy coming
to our gardens,
because they are hospitable
and full of your essence, God.

So, we pray to you, God,
thou art as our father and mother
through Jesus Christ, your Son,
in the Holy Spirit.

AMEN
